REGULAR EXAMINATION ? 2024

Programming for Problem Solving in C ? Regular Examination, 2024

Subject Code: CS104 Semester: 1 Regulation: R23

Time: 3 Hours Max. Marks: 70

.....
Note: This is a demo question paper generated for Backlog Buddy.

Answer all questions. Assume suitable data wherever necessary.
.....

SECTION A (Unit 1: Fundamentals of C)

1. List the advantages and limitations of Fundamentals of C. Explain any two in detail. [12 Marks]
2. Discuss the engineering applications of Fundamentals of C. [12 Marks]
3. Compare and contrast the key concepts involved in Fundamentals of C. [8 Marks]

SECTION B (Unit 2: Control Flow Statements)

4. Write short notes on Control Flow Statements. [8 Marks]
5. Define Control Flow Statements. Explain its significance in Programming for Problem Solving in C with a suitable example. [12 Marks]
6. Define Control Flow Statements. Explain its significance in Programming for Problem Solving in C with a suitable example. [12 Marks]

SECTION C (Unit 3: Arrays and Strings)

7. Explain Arrays and Strings with a neat diagram/sketch and a suitable example. [8 Marks]
8. Solve a problem related to Arrays and Strings. Show all the steps clearly. [12 Marks]
9. Explain Arrays and Strings with a neat diagram/sketch and a suitable example. [8 Marks]

SECTION D (Unit 4: Functions and Recursion)

10. Derive the expression related to Functions and Recursion and explain each term. [12 Marks]
11. Write short notes on Functions and Recursion. [12 Marks]
12. How is Functions and Recursion implemented? Give an algorithm / procedure and explain. [12 Marks]

SECTION E (Unit 5: Pointers and Structures)

13. Define Pointers and Structures. Explain its significance in Programming for Problem Solving in C with a suitable example. [12 Marks]
14. Write short notes on Pointers and Structures. [12 Marks]
15. Discuss the engineering applications of Pointers and Structures. [12 Marks]

*** End of Question Paper ***
