## **REGULAR EXAMINATION ? 2025**

Software Engineering ? Regular Examination, 2025

Subject Code: CS404 Semester: 4 Regulation: R23

Time: 3 Hours Max. Marks: 70

.....  
Note: This is a demo question paper generated for Backlog Buddy.

Answer all questions. Assume suitable data wherever necessary.  
.....

### **SECTION A (Unit 1: Software Process Models)**

1. Define Software Process Models. Explain its significance in Software Engineering with a suitable example. [8 Marks]
2. Discuss the engineering applications of Software Process Models. [12 Marks]
3. List the advantages and limitations of Software Process Models. Explain any two in detail. [8 Marks]

### **SECTION B (Unit 2: Requirement Engineering)**

4. How is Requirement Engineering implemented? Give an algorithm / procedure and explain. [8 Marks]
5. Explain Requirement Engineering with a neat diagram/sketch and a suitable example. [12 Marks]
6. Describe the working principle of Requirement Engineering with necessary equations. [12 Marks]

### **SECTION C (Unit 3: Software Design and UML)**

7. Describe the working principle of Software Design and UML with necessary equations. [12 Marks]
8. Describe the working principle of Software Design and UML with necessary equations. [12 Marks]
9. Define Software Design and UML. Explain its significance in Software Engineering with a suitable example. [8 Marks]

### **SECTION D (Unit 4: Testing and Quality Assurance)**

10. Discuss the engineering applications of Testing and Quality Assurance. [12 Marks]
11. Derive the expression related to Testing and Quality Assurance and explain each term. [12 Marks]
12. Solve a problem related to Testing and Quality Assurance. Show all the steps clearly. [8 Marks]

### **SECTION E (Unit 5: Project Management)**

13. List the advantages and limitations of Project Management. Explain any two in detail. [12 Marks]

**14. Derive the expression related to Project Management and explain each term. [12 Marks]**

15. Define Project Management. Explain its significance in Software Engineering with a suitable example. [12 Marks]
