

BACKLOG BUDDY ? STUDY MATERIAL

Data Visualization ? Unit-wise Lecture Notes

Subject Code: CS704 Semester: 7

.....
Condensed notes covering all five units: Data Representation, Visualization Principles, Statistical Graphics, Interactive Dashboards, Big Data Visualization.

Unit 1: Data Representation

- Definition, key concepts and significance of Data Representation
- Important diagrams / derivations / algorithms for Data Representation
- Solved examples and previous-year questions on Data Representation

Unit 2: Visualization Principles

- Definition, key concepts and significance of Visualization Principles
- Important diagrams / derivations / algorithms for Visualization Principles
- Solved examples and previous-year questions on Visualization Principles

Unit 3: Statistical Graphics

- Definition, key concepts and significance of Statistical Graphics
- Important diagrams / derivations / algorithms for Statistical Graphics
- Solved examples and previous-year questions on Statistical Graphics

Unit 4: Interactive Dashboards

- Definition, key concepts and significance of Interactive Dashboards
- Important diagrams / derivations / algorithms for Interactive Dashboards
- Solved examples and previous-year questions on Interactive Dashboards

Unit 5: Big Data Visualization

- Definition, key concepts and significance of Big Data Visualization
- Important diagrams / derivations / algorithms for Big Data Visualization
- Solved examples and previous-year questions on Big Data Visualization

Exam Tips:

- * Start with the latest syllabus and exam pattern ? focus on units with the highest weightage first.
- * Solve at least 3 previous year papers under timed conditions before the exam.
- * Focus on frequently repeated topics ? they are strong preparation priorities based on available papers (not guarantees).
- * Revise definitions, diagrams and standard derivations ? they earn easy marks.
- * Practise numerical problems from every unit; papers usually include 2-3 compulsory problems.

Disclaimer: Sample study material for preparation support only.

Appearance counts are based on available papers and are not exam predictions.
