

BACKLOG BUDDY ? STUDY MATERIAL

Major Project Work ? Unit-wise Lecture Notes

Subject Code: CS801 Semester: 8

.....
Condensed notes covering all five units: Project Proposal and Synopsis, Literature Survey, System Design, Implementation and Testing, Documentation and Viva Voce.

Unit 1: Project Proposal and Synopsis

- Definition, key concepts and significance of Project Proposal and Synopsis
- Important diagrams / derivations / algorithms for Project Proposal and Synopsis
- Solved examples and previous-year questions on Project Proposal and Synopsis

Unit 2: Literature Survey

- Definition, key concepts and significance of Literature Survey
- Important diagrams / derivations / algorithms for Literature Survey
- Solved examples and previous-year questions on Literature Survey

Unit 3: System Design

- Definition, key concepts and significance of System Design
- Important diagrams / derivations / algorithms for System Design
- Solved examples and previous-year questions on System Design

Unit 4: Implementation and Testing

- Definition, key concepts and significance of Implementation and Testing
- Important diagrams / derivations / algorithms for Implementation and Testing
- Solved examples and previous-year questions on Implementation and Testing

Unit 5: Documentation and Viva Voce

- Definition, key concepts and significance of Documentation and Viva Voce
- Important diagrams / derivations / algorithms for Documentation and Viva Voce
- Solved examples and previous-year questions on Documentation and Viva Voce

Exam Tips:

- * Start with the latest syllabus and exam pattern ? focus on units with the highest weightage first.
- * Solve at least 3 previous year papers under timed conditions before the exam.
- * Focus on frequently repeated topics ? they are strong preparation priorities based on available papers (not guarantees).
- * Revise definitions, diagrams and standard derivations ? they earn easy marks.
- * Practise numerical problems from every unit; papers usually include 2-3 compulsory problems.

Disclaimer: Sample study material for preparation support only.

Appearance counts are based on available papers and are not exam predictions.
