

BACKLOG BUDDY ? STUDY MATERIAL

Electric Vehicle Technology ? Syllabus & Reference Books

Subject Code: EE602 Semester: 7

.....
Unit-wise syllabus, recommended reference books and question paper pattern.

Unit 1: EV Architecture

- Definition, key concepts and significance of EV Architecture
- Important diagrams / derivations / algorithms for EV Architecture
- Solved examples and previous-year questions on EV Architecture

Unit 2: Battery Systems

- Definition, key concepts and significance of Battery Systems
- Important diagrams / derivations / algorithms for Battery Systems
- Solved examples and previous-year questions on Battery Systems

Unit 3: Electric Motors for EVs

- Definition, key concepts and significance of Electric Motors for EVs
- Important diagrams / derivations / algorithms for Electric Motors for EVs
- Solved examples and previous-year questions on Electric Motors for EVs

Unit 4: Charging Infrastructure

- Definition, key concepts and significance of Charging Infrastructure
- Important diagrams / derivations / algorithms for Charging Infrastructure
- Solved examples and previous-year questions on Charging Infrastructure

Unit 5: Battery Management Systems

- Definition, key concepts and significance of Battery Management Systems
- Important diagrams / derivations / algorithms for Battery Management Systems
- Solved examples and previous-year questions on Battery Management Systems

Exam Tips:

- * Start with the latest syllabus and exam pattern ? focus on units with the highest weightage first.
- * Solve at least 3 previous year papers under timed conditions before the exam.
- * Focus on frequently repeated topics ? they are strong preparation priorities based on available papers (not guarantees).
- * Revise definitions, diagrams and standard derivations ? they earn easy marks.
- * Practise numerical problems from every unit; papers usually include 2?3 compulsory problems.

Disclaimer: Sample study material for preparation support only.

Appearance counts are based on available papers and are not exam predictions.
